

<b>WEDNESDAY, OCTOBER 14, 2009</b>	
<b>Sala Arcobaleno (ground floor)</b>	
Welcome Ceremony	2.30 pm
Opening Remarks	3.15 pm
President's Report	3.45 pm
Award Ceremony: FARMINDUSTRIA-SIF Awards	4.00 pm
PLENARY LECTURE The Value of Safety	4.45 pm
ROUND TABLE Scientific Activity Public Funding and Global Economic Crisis: Individual Measures and their Integration	7.15 pm
COMMENTARY New Proposals from CUN	7.45 pm
<b>Welcome Cocktail</b>	

**34° Congresso Nazionale  
della Società Italiana di Farmacologia**

**Segreteria Organizzativa**

AIM Group - AIM Congress

Sede di Firenze

Viale G. Mazzini, 70

50132 Firenze

Tel. 055 23388.1

Fax 055 2480246

**IL VALORE  
DEL FARMACO  
PER LA TUTELA  
DELLA SALUTE**

## THURSDAY, OCTOBER 15, 2009

	Sala Arcobaleno (ground floor)	Sala Azzurra (1st floor)	Sala Blu (1st floor)	Sala Giardino d'inverno (1st floor)	Sala Viola (ground floor)	Sala Arancione (1st floor)	Sala Bianca (ground floor)	Sala Verde (1st floor)	Sala Rossa (1st floor)
8.30 10.30 am	ORAL COMMUNICATIONS Pharmacology of Nervous System (Session 1)	SYMPOSIUM Variability of the Response to Antiplatelet Drugs: Causes, Evidence and Future Perspectives	ORAL COMMUNICATIONS Pharmacology of Cell Death and Proliferation (Session 1)	SYMPOSIUM Pathogenic Mechanisms and Druggable Targets in Post-Ischemic Brain Injury	SYMPOSIUM Huntington Disease - an Orphan Illness with High Medical Need	SYMPOSIUM Palmitoylethanolamide Antiinflammatory/Neuroprotective Properties: The Pharmacological Bases for Novel Putative Therapeutic Agents	SYMPOSIUM TRP Channels in Health and Disease	SYMPOSIUM Non-Invasive Methods and Biomarkers for Assessing Pharmacological Therapy of Chronic Obstructive Pulmonary Disease	ORAL COMMUNICATIONS Pharmacogenetics
10.30 am	Coffee break								
10.45 11.15 am		LECTURE Innovation in Antihypertensive Therapy: Aliskiren	LECTURE AS04: The Benefits of the New Adjuvant System for Prevention of Cervical Cancer	LECTURE Fighting Cancer on Multiple Fronts: The Amgen Oncology and Haematology Pipeline	LECTURE Safety and Efficacy of Canakinumab (ACZ885) in Children with Cryopyrin-Associated Periodic Fever Syndrome (CAPS): Results of a Multicentre, Randomized, Double-blind, Phase III Study		LECTURE Criticalities about Generic Drugs		
11.15 am 1.15 pm		SYMPOSIUM Beyond the Cardiovascular Risk LECTURE The Late INAS: A New Therapeutic Target in Angina	SYMPOSIUM Therapeutic Approach and Optimization of Resources in Rheumatic Diseases	SYMPOSIUM Patient Need and Optimization of Osteoporosis Management	SYMPOSIUM Independent Drug Information as a Tool For an Appropriated and Safer Use of Medicines	SYMPOSIUM Principles of Psychotropic Drug Interactions	SYMPOSIUM Generic Drugs: The Italian Status	SYMPOSIUM Roflumilast: A New Therapeutic Approach to COPD	
1.15 pm	LUNCH								
2.00 4.00 pm	Poster Sessions								
4.00 4.30 pm	PLENARY LECTURE Highlights on Second Messengers								
4.30 pm	Coffee break								
4.45 6.45 pm	ORAL COMMUNICATIONS Pharmacology of Nervous System (Session 2)	ORAL COMMUNICATIONS Receptors and Signal Transduction Mechanisms (Session 1)	SYMPOSIUM Teaching Pharmacology in the Modern Europe	SYMPOSIUM New Therapeutic Perspectives in the Treatment of Invasive Fungal Infections: From Pharmacology to the Clinical Evidence	ORAL COMMUNICATIONS Immunopharmacology	SYMPOSIUM Role of Purinoceptor in Acute and Chronic Injuries at the Central Nervous System	SYMPOSIUM New Insights on the Pharmacology and Toxicology of Cannabinoids	ORAL COMMUNICATIONS Gastrointestinal Pharmacology	SYMPOSIUM Pharmacogenetics: State-of-the-art and Future

## FRIDAY, OCTOBER 16, 2009

	Sala Arcobaleno (ground floor)	Sala Azzurra (1st floor)	Sala Blu (1st floor)	Sala Giardino d'inverno (1st floor)	Sala Viola (ground floor)	Sala Arancione (1st floor)	Sala Bianca (ground floor)	Sala Verde (1st floor)	Sala Rossa (1st floor)
8.30 10.30 am	ORAL COMMUNICATIONS Pharmacology of Nervous System (Session 3)	ORAL COMMUNICATIONS Cardiovascular and Pulmonary Pharmacology (Session 1)	SYMPOSIUM Stem Cells for Cardiac Repair: Current Status and Future Perspective	ORAL COMMUNICATIONS Pharmacovigilance and Pharmacoepidemiology (Session 1)	SYMPOSIUM Purine Activity in Peripheral Cells	ORAL COMMUNICATIONS Pharmacology of Ion Channels and Synaptic Transmission	SYMPOSIUM The New Antimicrobial Fulfill the Needs of Clinical Practice?	SYMPOSIUM Brain Development: Influence of Stress and Neuroactive Steroids	ORAL COMMUNICATIONS Pharmacology of Metabolism, Endocrine System and Erectile Dysfunction (Session 1)
10.30 am	Coffee break								
10.45 11.15 am			LECTURE Pharmacological Modulation of Endogenous Neurogenesis: Impact on Future Treatment of Neuropsychiatric Disorders	LECTURE Next Generation of GLP-1 Analogues: Liraglutide	LECTURE Innovation Never Stops: Towards the Second Generation of Targeted Cancer Medicines	LECTURE Multiple Sclerosis: FTY 720 (Fingolimod)	LECTURE Echinocandins: Pharmacology of a New Class of Systemic Antifungal Drugs		
11.15 am 1.15 pm		SYMPOSIUM Pharmacological Therapy of Atrial Fibrillation: Old Disappointments, New Hopes	SYMPOSIUM Neurobiology and Pharmacology of Psychosis	SYMPOSIUM Type 2 Diabetes: The Pandemic of XXI Century	SYMPOSIUM Health Technology Assessment and Governance				
1.15 pm	LUNCH								
2.00 4.00 pm	Poster Sessions								
4.00 4.30 pm	PLENARY LECTURE The Pharmacological Research in Europe: A Bid for the XXI Century								
4.30 pm	Coffee break								
4.45 6.45 pm	ORAL COMMUNICATIONS Pharmacology of Nervous System (Session 4)	SYMPOSIUM Focus on Targeted Antitumor Drugs: Activity, Resistance, Cardiovascular Safety	SYMPOSIUM Actual and Future Perspectives in Pain Therapy	SYMPOSIUM Placebo and Clinical Trial: Update and Future Issues	SYMPOSIUM Chemotherapy-Induced Peripheral Neuropathy	ORAL COMMUNICATIONS Cardiovascular and Pulmonary Pharmacology (Session 2)	SYMPOSIUM New Approaches for Assessing Safety of Drug Impurities	SYMPOSIUM HDAC Inhibitors: Emerging Drugs with Pleiotropic Therapeutic Potential	ORAL COMMUNICATIONS Pharmacovigilance and Pharmacoepidemiology (Session 2)
6.45 pm	SIF General Assembly								

## SATURDAY, OCTOBER 17, 2009

	Sala Arcobaleno (ground floor)	Sala Azzurra (1st floor)	Sala Blu (1st floor)	Sala Giardino d'inverno (1st floor)	Sala Viola (ground floor)	Sala Arancione (1st floor)	Sala Bianca (ground floor)	Sala Verde (1st floor)	Sala Rossa (1st floor)
8.30 10.30 am		SYMPOSIUM Pharmacoepidemiology for Monitoring of Drug Safety and Rational Drug Use: A Good Case for Translation Medicine	SYMPOSIUM Individualization of Drug Therapy in the Treatment of Psychiatric Disorders	SYMPOSIUM The Glutamatergic Synapse - A Major Site for Disease and Drug Action	SYMPOSIUM Women Aging: From Basic Research to Novel Therapeutic Opportunities	ORAL COMMUNICATIONS Antibacterial, Antiviral, and Anticancer Chemotherapy	SYMPOSIUM Food Supplements (SIF-SITOX)	ORAL COMMUNICATIONS Pain Pharmacology	
10.30 am	Coffee break								
10.45 11.15 am		LECTURE Old and New Targets for the Treatment of Osteoarthritis: Pharmacology and Clinical Pharmacology	LECTURE Role of m-Tor Inhibition on Antitumor Therapy	LECTURE Hemophilia: Past, Present and Future	LECTURE The Recurrent Idiopathic Pericarditis: A New Treatment for an Old Disease				
11.15 am 1.15 pm	LECTURE Pandemic Influenza H1N1: Guidance for Prevention and Treatment	SYMPOSIUM Gender and Equity in Healthcare	ORAL COMMUNICATIONS Pharmacovigilance and Pharmacoepidemiology (Session 3)	ORAL COMMUNICATIONS Receptors and Signal Transduction Mechanisms (Session 2)	ORAL COMMUNICATIONS Cardiovascular and Pulmonary Pharmacology (Session 3)	ORAL COMMUNICATIONS Pharmacology of Cell Death and Proliferation (Session 2)	ORAL COMMUNICATIONS Pharmacology of Inflammation	ORAL COMMUNICATIONS Pharmacology of Metabolism, Endocrine System and Erectile Dysfunction (Session 2)	ORAL COMMUNICATIONS Pharmacology and Experimental and Clinical Toxicology
